

210 E. Third Street, Suite 208, Royal Oak, MI 48067 (248) 268-4652

Cardolite

Cardolite Corporation

Manufacture high performance Epoxy Curing Agents, Epoxy Resins and Diluents out of Cashew Nutshell Liquid Technology.

Cathay Industries

Manufacture different grades of Titanium Dioxide as well as Iron Oxide Pigments, both organic and synthetic.

CoorsTek

Industry leaders in manufacturing of Ceramics and Ceramic components. Industries served include Aero, Automotive, Petrochemicals, Electronics, and HI&I.

CVC Thermoset Specialties

Specialty Epoxy Resins, Reactive Liquid Polymers (RLP), Elastomer-modified Epoxy Resins, Monomers and Modifiers, Catalysts and Accelerators.

Cimbar Performance Minerals

Global leaders in the manufacturing of Calcium Carbonate, Talc, Barium Sulfate, and Magnesium Hydroxide.

Eastman Chemical Company

Polymeric Plasticizers.

Ele Corporation

Manufacture specialty and intermediate chemicals. Supply to industries such as: Polyurethane, Metal Working, Personal Care, Pulp and Paper, Agriculture, HI&I, and Coatings

Everchem

Divided into separate entities. Everchem Urethanes supply Binders, Prepolymers, Urethane Systems, and Raw Materials for the Urethane market. Everchem Fluids Supply Cresylic Acid Products, and Industrial Raw Materials. Everchem Specialty Chemicals supply Raw Materials for Epoxy formulated materials.

Flow Polymers, Inc.

Custom Dispersions, Rubber Additives, Pre-weighs.

Hughes Polymer Additives Corp.
The nucleus of your solutions

Hughes Polymer Additives

Manufacture custom and generic Chemical Blowing Agents. Products reduce density of overall polymer for weight reduction while retaining mechanical properties. Offered in pellets, powder, and dispersions for clean and easy incorporation and handling.

Ingennus Polymers

Main focus is Waterborne Solid Acrylic Resins and Emulsions. Also specialize in Superabsorbent Polymers (SAP), Thermoplastic Elastomers (TPE), Thermoplastic Olefins (TPO), and other specialty emulsions.

Product Offerings

210 E. Third Street, Suite 208, Royal Oak, MI 48067 (248) 268-4652

M Chemical

Specialize in UV Absorbers, Hindered Amine Light Stabilizers, Optical Brighteners, Antioxidants, Molecular Sieves and Flame Retardants.

Roopal Products, Inc.

Product lines include Organic Titanates, Organic Pigments, and Resins for Inks and coatings, as well as Plasticizers.

Solvay Specialty Polymers

World leader in production of PTFE fluoropolymers. Product lines include Powdered PTFE, Micronized PTFE, and PTFE Based Dispersions. Used to enhance processing or end-use performance properties.

Sovereign Technologies, LLC

Manufacture unique and specialty chemicals ranging from Specialty Polymers to Organic Catalysts. Technical team works with customers to develop ideal products. Markets served include Paint and Coatings, Pulp and Paper, Asphalt, Oil, Rubber, Adhesives, Ceramics, Resins, Anti-Graffiti, Ink, and Water Treatment.

Unifrax

Leading producer of high-temperature insulation products providing innovative heat management solutions and energy savings for a broad range of industries.

U.S. Zinc

Produce Zinc Dust, Zinc Oxide, and Zinc Metal, including Prime Western (PW) grade zinc.

Vanderbilt Chemicals

Phenol-Phosphite Blends, Rubber, Plastics, Coatings, Adhesives, and Ink.

Valtris Specialty Chemicals

Product lines include Fast Fusing and Phosphate Ester Plasticizers, Industrial Pre-Cursors, Antimicrobials, Mixed Metal Heat Stabilizers, Epoxidized Soybean Oil (ESO), and UV Stabilizers.

Product Offerings

210 E. Third Street, Suite 208, Royal Oak, MI 48067 (248) 268-4652

Cal-Chem USA: Capabilities Beyond Distribution

Cal-Chem USA has capabilities to acquire materials that are not included on the list above and we are always looking to expand both our product and market diversity. If there are any particular materials you are having difficulty finding, or would like to re-source or second source please feel free to contact us directly and we will find it for you. We are a proud member of the **NACD** and follow the **responsible distribution process** guidelines.

We are also proudly partnered with companies who offer custom tolling and contract manufacturing. They handle everything from tolling, to packaging, to shipping material with the added benefit of providing assistance for meeting ISO certification requirements.

Cal-Chem USA is headquartered in Royal Oak, MI and our main warehouse is in Madison Heights, MI only 2 miles away from our main office. Our warehouse is located just off of I-75, which provides easy access to all major roadways in Metro-Detroit extending all throughout the Midwest. We can warehouse for both customers and suppliers alike. If you are looking for storage of hazardous or flammable material we are partnered with separate local warehouses who can store your material all at competitive pricing.

Thank you for your interest in **Cal-Chem USA products and services!**
